

ECHO Autism: Primary Care

FREE CME AND CEU CREDITS!

ECHO AUTISM: PRIMARY CARE LEARNING COMMUNITY SERIES

1st and 3rd **Wednesdays** of the month from **12pm-1pm PST**

WHAT IS ECHO AUTISM?

ECHO Autism is a virtual learning network to support health care providers in delivering evidenced-based care for their patients with autism through access to autism experts, including developmental behavioral pediatricians, psychologists, behavioral specialists, social workers, and parent advocate/educators.

TOPICS INCLUDE • Psychotropic Medications • Transition Planning • ASD & ADHD, Anxiety, & Irritability • Autism & Sleep & Feeding Issues • Screening, Diagnosis, & Ongoing Care • ABA, IEP's, & ASD • Supporting Families & Behavioral Strategies • Guardianship • And More!

CASE GUIDANCE FOR CHILDREN AT RISK FOR ASD

CONVENIENT WEB-BASED SMALL-GROUP FORMAT

ONGOING SPECIALIST SUPPORT

COMMITMENT:
TWO 60 minute learning sessions per month. We ask that each ECHO participant present at least one case to the ECHO Autism HUB team and actively participate in the learning community.

WHAT DO I NEED TO JOIN?

- Internet Connection
- Front-facing Camera, smart-phone or tablet.
