

HAVE ANY OF YOUR PATIENTS LOST THEIR INSURANCE? WE CAN HELP...

CHOC understands the negative financial impact that COVID-19 may have created for your patients' families. We are here to help and provide support. If your patients' families have recently lost or do not have medical insurance, they can call CHOC Children's Family Financial Resource Center at 714-509-8600.

Our compassionate and knowledgeable team can help provide information and resources to families as they navigate the Medi-Cal and Covered California health exchange process.

For Providers:

If you have questions, please contact your CHOC Children's Physician Relations Specialist or email: bdinfo@choc.org.
